Profile

Accomplished Senior Mobile Engineer with nine years of experience specializing in native Android (Kotlin/Java), iOS (Swift), and Flutter development. Proven track record of leading application rebuilds from the ground up, defining technical architecture, and mentoring development teams. Drove the success of a flagship application to achieve the #1 Finance App ranking in the App Store Ireland. I seek to leverage deep technical expertise and leadership skills to excel as a technical lead.

Employment History

Senior Mobile Developer, CleverCards, County Dublin, Ireland

FEBRUARY 2023 – PRESENT

- Led the complete architectural redesign and rebuild of the flagship mobile app using Flutter, achieving the **#1 Finance App ranking** in the App Store Ireland.
- Engineered a new, scalable architecture that fixed legacy bugs, **decreasing application crashes by 20%** and significantly improving performance.
- Transformed the user experience, leading to increased app success and satisfaction.
- Integrated Apple Pay and Google Pay to enhance core functionality and user convenience.
- **Technologies:** Flutter, Java, Kotlin, Swift, AWS, Firebase, Apple Pay, Google Pay.
- **Project:**
